Dear Friends,

No matter how long ago it was that my children were at school, September always seems to me to be the start of a new year. Having to kit four children out in new school uniforms was an interesting task and then there were the shoes. Mindful of the importance of this task I always insisted they had Startrite shoes, not always popular with the recipients of this purchase who had exacting standards. The purchasing of new shoes was an occasion of great excitement for the children necessitating a trip to the shoe shop in town which had a toy monkey in the window that could move and do tricks. They might have found this whole process exciting but I was completely exhausted by the end of it all; the business of finding shoes to fit properly to meet with the children's approval took a long time.

Sadly, the care I took with my children's feet did not continue once they became adults; they stuffed their feet into shoes that were fashionable with predictable results. Ah well, I gave those feet a good start. It's a bit like life, we do things we know are not the best, that will damage us in some way, and even though we know our actions are harmful, to ourselves, to others or the planet, we keep doing them.

New shoes, new uniforms, new pens and pencils etc. What is going to be new for you this September? Maybe you are now getting a bit cross and muttering about the fact that there is nothing new for you and you have just got to carry on as normal whatever normal is. Well yes, maybe this is true, but we are all responsible for our own actions, for our response to what life brings. At Morning Prayer I always pray for help to live in a way that honours Jesus' call to us to love God and love our neighbour as ourselves. You may not agree with the God bit, but wouldn't the world be a different place if we all loved our fellow human beings as we would want to be loved, with compassion and kindness.

New starts are not always easy. I expect lots of you have heard I will be retiring in October, my last service will be on 15th October at Longbridge Deverill. As you may imagine this has been a very difficult decision to make but I know it is the right one. There will be plenty of time for goodbye's later, in the meantime I will continue to serve these parishes with love and care as has been my privilege for the last 9 years.

With love and prayers,

Rev Pauline Reid

Fundraising Tea Party

The afternoon tea party in aid of Dorothy House Hospice at Monkton House on 4th August raised **£380** on the day. Despite the rain forcing the event indoors, a nice time seemed to be had by all, assisted by a traditional cream tea and cakes. Another kind donation was made later directly to this wonderful cause. A lovely letter of appreciation to all those involved has been received from Dorothy House. Many thanks to all who came and supported this event and also to those who provided delicious homemade cakes.

Alabaré Events – Quiz and Firewalk!

Local charity Alabaré provides support and accommodation for vulnerable people, homeless or at risk of becoming homeless across Wiltshire and the South West. They are holding two very different events in the Salisbury area this autumn hoping to appeal to a wide audience!

On **Tuesday 19th September** at 7.00 pm why not test your general knowledge at Chafyn Grove School, 33 Bourne Avenue, Salisbury SP1 1LR for the next of the very popular **quizzes**. Teams of up to 6, £6 per person. Cash bar and raffle. If you are feeling adventurous there will be a second Sponsored **Firewalk** on the evening of **Friday 20th October** at Alabaré's Old Sarum Development Centre, Old Sarum Garden Centre, Portway, Salisbury SP4 6BY. Back by popular demand, it's an incredibly empowering and motivational (if hot!) experience. You will walk across hot coals whilst raising funds to support Alabaré. There will be an introductory session during the evening to prepare you for the walk itself and afterwards you will feel you can take on anything! Previous firewalker Claire says, "I took part in Alabaré's first Firewalk, the atmosphere was incredible! It was hot but the feeling of achievement was overwhelming." To find out more and book tickets for these events visit alabare.co.uk/get-involved/events or email supportercare@alabare.co.uk

'S P I R E'

Drawings by Nick Andrew at Fisherton Mill, Salisbury SP2 7QY. Tel: 01722 415121 from **9th September – 7th October** 10.00 am - 5.00 pm, preview Bull Mill Studio on **Saturday 2nd September** 10.00 am- 5.00 pm. Free admission.

A fleeting glimpse of Salisbury Cathedral spire from the surrounding landscape is often the first sign you are approaching the city. 'S P I R E' is a collection of mixed media plein air drawings made over a year and a half, documenting that 'first glimpse', looking back at the spire as far as possible beyond the city, from 32 compass points. Most depict the stunning wider landscape around Salisbury through the seasons. This project has given Nick a wonderful excuse to explore the beautiful and varied landscapes around Salisbury, guided by 32 points of the compass, making drawings from downland, wooded ridges, hill forts, farmland and ancient sites, discovering views of the S P I R E, some so distant it appears size of a thorn glinting in the sunlight, as the South-Southeast view from the National Trust grounds of Philipps House in Dinton, 9 miles away, or the view from Figsbury Ring, 5 miles to the North-east. Some are closer, with hints of urban surroundings, such as from North-Northwest at Fisherton Farm allotments, just a mile and a half away. You can view the images at www.nickandrewdrawingprojects.wordpress.com/spire.

Sutton Veny Chicken-Farm Site up to Sale

As reported in the Warminster Journal on 28th July, the site in Sutton Veny where controversial plans for an intensive chicken farm were given the go ahead, is now up for sale and marketed by Savills. Hopefully, due to the many conditions and planning restrictions imposed, this will make it very hard for an alternative business to be able to redevelop the site for a similar business.

Nature Notes

July turned out to be a real disappointment weatherwise; cold, wet and windy. Some days it felt more like October! Thankfully August is looking better though it does feel rather autumnal. Looking into the hedgerows the hawthorn berries are beginning to turn red and the early sun this morning was picking out hints of autumn colour in the trees and hedgerows. The beech tree at the front is full of mast and the small hazel tree at the top of the garden has lots of nuts on it. I noticed the other day when watering the rhubarb that there was a collection of hazel nut shells in the corner of the planter, courtesy of some small rodent.

Despite the awful weather in July there was an exceptional number of butterflies. When I did the butterfly count a week ago it was difficult to count the number as there were so many all moving about on the buddleia. In recent years it has quite often been a case of spot the butterfly! Two species are particularly abundant this year; red admiral and peacock, but I have seen more gatekeeper, comma and blue. We have also seen hummingbird hawkmoth at least five times.

We have had kingfishers visiting more often and sometimes being successful on spearing a goldfish. We have also had a heron coming but thankfully I have managed to chase it away before it starts fishing. A moorhen has visited occasionally, one morning there were a pair on the pond and they began behaving as if to mate; whether they did I am not sure as they kept disappearing into the water lilies, they can breed into the autumn but we have not seen them again recently.

There has been no more swallow activity up in the stables, I wondered if July had been better they might have tried for a second brood. I am not sure about the house martins; the juveniles from the first brood in both compartments of the dual nest box flew and afterwards the single box was being used. There was activity this morning. Yesterday morning there were twenty or so, young house martins flying about and swooping up to the swift box on the back of the house, some landing on the top. They have done this in other years, and I can only assume the activity helps to remind them where they are so they can return next year. On the 31st July when I was delivering the Parish News in Homefields, I noticed at least ten swifts flying around but I have not seen any since, that may be my last sighting this year, swifts only come here for three months to breed.

There are fewer birds around now in the garden so I have reduced the amount of feed; occasionally a robin or blackbird comes to me for a suet pellet or piece of sultana. The birds are more secretive as they are moulting and more vulnerable to predation. There is little song from them either; the most predominant call at this time of the year are the long-tailed tits flying in family groups calling to one another; I have also heard nuthatch and treecreeper.

Longbridge Deverill Flower Show 2023

The Show was held amidst sporadic showers, but emerged as a triumphant celebration of British Summertime and community spirit. Despite the weather, attendees of all ages were treated to a captivating array of flora, horticultural wonders and imaginative children's entries. The event's success was further elevated by a delightful range of activities in the arena, for families and children. Laughter echoed as Jon the Jester wowed the crowd with circus acts leaving children and adults alike in awe. Audience participation was mandatory helping Jon Catch the Pigeon with Laurie Creighton, our amazing Master of Ceremonies. Then it was the famous Hobby Horse Race. Finally Tim 'The Digger' Davis showcased his brand new JCB.

The quality of the Show entries this year was first class, the White Horse Morris dancers helped to create a lovely English summer afternoon atmosphere, Duncan and his crew from the Mere Fire Station were able to come and show us their amazing fire engine, the Dog Show was indescribably excellent with many competitors taking part and entertaining the crowd, and the sun came out and shone on us all!
